

Aeroplani di pace

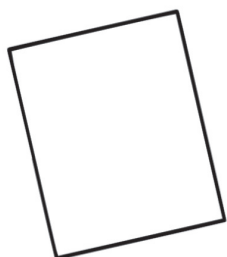

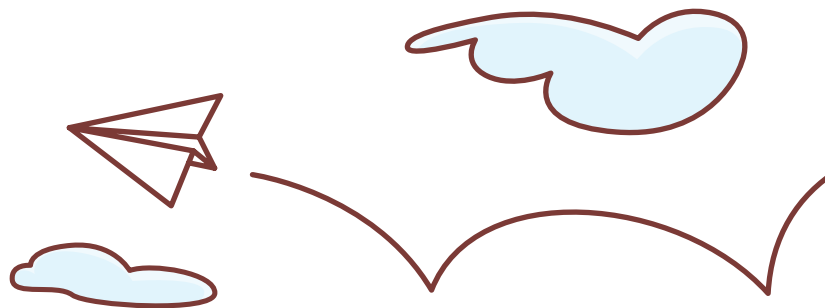

Vola la pace sulla mia testa
punta dritta alla finestra
gira, volteggia, plana e scompare
poi con un soffio di vento riappare.

Vola la pace portata dal vento
sui prati, le strade, sull'erba e il cemento
il viaggio è lungo per mari e per terra
ma spero che serva a fermare la guerra.

Elena Uboldi

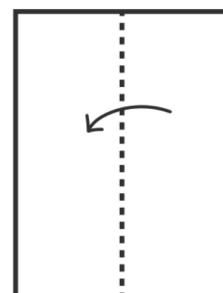

Come costruire un aeroplano

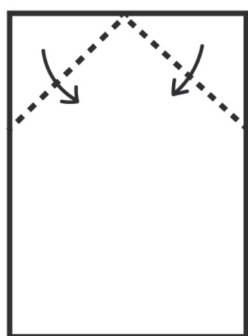

PRENDI UN FOGLIO

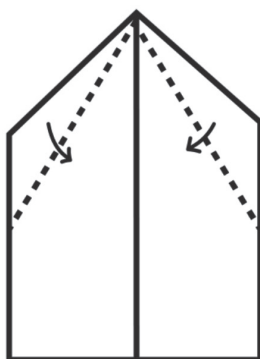

APPOGGIALO
SUL BANCO

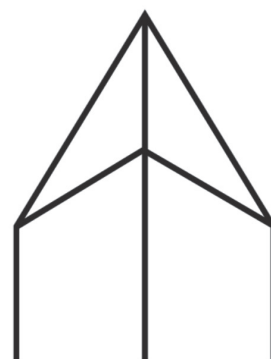

PIEGALO A METÀ

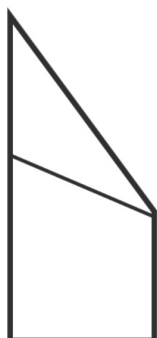

PIEGA GLI ANGOLI

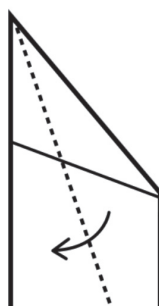

PIEGA ANCORA

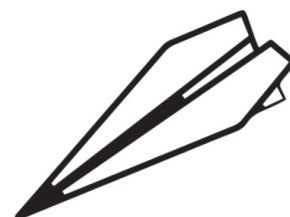

OTTIENI QUESTA
FORMA

PIEGALO A METÀ

PIEGA INDIETRO
L'ANGOLO

ECCO FATTO!
